Chairman, President, and CEO of CoorsTek, Inc.

Leadership: A Call to Rise

Thursday, Sept. 25, 4-5pm

Reception to follow at 5pm
Student Center Grand Ballrooms
FREE and Open to the Public

Since 1998, Dr. John Coors has led CoorsTek, the Golden-based company whose vision is to make the world measurably better through the high-performance, enabling properties of engineered ceramics and other advanced materials. CoorsTek products and components touch people's lives every day through amazing solutions to global challenges in energy, transportation, information technology, healthcare, defense and many others. Prior to CoorsTek, Coors was president of Golden Photon and CEO of Golden Genesis, two solar energy technology companies. Prior to that he held several leadership positions at the Coors Brewing Company. A 1977 Mines alumnus, Coors earned a BS in Chemical Engineering, holds an MS in Biochemistry from the University of Texas, and a PhD in Engineering from the Technical University of Munich. He is an emeritus trustee of the Mines Board of Trustees and currently serves on the CSM Foundation Board of Governors.
